YRNails – Nail Polish
Safety Data Sheet

1. Material Identification
   YR You So Minted

2. Hazards Identification
   Highly flammable liquid and explosive vapours.
   Harmful by inhalation. Narcotic vapours.

3. Ingredients

   Substance
   Ethyl Acetate
   Butyl Acetate
   Nitrocellulose
   Adipic Acid/Isophthalic Acid/Neopentyl Glycol/Trimellitic Copolymer
   Acetyl Tributyl Citrate
   Isopropyl Alcohol
   Stearalkonium Hectorite
   Sucrose Acetate Isobutyrate
   Titanium Dioxide C.I. No. 77891
   C.I. No. 74260
   Pentaerythrityl Tetraisostearate

4. First Aid Measures

   General
   In all cases of doubt or when symptoms persist seek medical attention.
   Never give anything by mouth to an unconscious person.

   On Inhalation
   Remove to fresh air, keep warm and at rest. If breathing is irregular or stopped give artificial respiration. Give nothing by mouth. If unconscious place in recovery position and seek medical advice.

   On Eye Contact
   Contact lenses should be removed. Irrigate copiously with clean, fresh water for at least 10 minutes, holding the eyelids apart. Seek medical advice.

   On Skin Contact
   Remove contaminated clothing. Wash skin thoroughly with proprietary nail enamel remover.

   On Ingestion
   If accidentally swallowed obtain immediate medical attention. Keep at rest. Do NOT induce vomiting.
5. **Fire Fighting Measures**
   Use carbon dioxide or dry powder. Do NOT use water.

6. **Accidental Release Measures**
   Eliminate all sources of ignition and ventilate the area. Exclude all non-essential personnel.
   Avoid breathing vapours.

   Contain the spillage with sand or other non-combustible absorbent material. Transfer the collected material into a suitable container for disposal.

   Do not allow to enter drains or water courses.

7. **Handling And Storage**
   Store in accordance with the conditions of the licence which is necessary under the Petroleum (Consolidation) Act. See HSE guidance note Storage of Flammable Liquids in Containers.

   Store between 5 and 22 deg C in a dry, well ventilated place away from sources of heat, ignition and direct sunlight.

   Containers which have been opened should be properly resealed and kept upright to prevent leakage.

   Do not use in areas where potential sources of ignition exist. Electrical equipment should be protected to the appropriate standard. Use non-sparking tools and exclude sources of heat, sparks and flames.

   Keep container tightly closed. Always keep in containers made of the same material as the supply container.

   The product may charge electrostatically. Use earthing leads when transferring from one container to another.

8. **Exposure Controls/ Personal Protection**
   Avoid inhaling vapour. Avoid contact with skin and eyes. Wear impervious gloves and safety glasses. Ensure good ventilation.

9. **Physical And Chemical Properties**

10. **Stability And Reactivity**
    Avoid exposure to temperatures above 25 deg C.
When stored under conditions specified at paragraph 7 above, the material is stable and non-reactive.

11. Toxicological Information
There is no data available on the product itself. Exposure to organic solvent vapours may result in adverse health effects such as irritation of the mucous membrane and respiratory system and adverse effects on the renal and central nervous systems.

Symptoms include headache, dizziness, muscular weakness, fatigue, drowsiness and in extreme cases unconsciousness.

Repeated or prolonged contact with the product may lead to removal of natural fats from the skin resulting in non-allergic contact dermatitis.

Splashes in eye may cause irritation.

11. Ecological Information
There are no data available on the product itself. The product should not be allowed to enter drains or water courses or be deposited where it can effect ground or surface waters.

12. Disposal Considerations
Wastes, including emptied containers, are controlled wastes and should be disposed of in accordance with regulations made under the Control of Pollution and Environmental Protection Acts.

15. Regulatory Information

Symbol(s) & Indication(s) of Danger :

![HIGHLY FLAMMABLE](image1.png)  ![HARMFUL](image2.png)

The product is classified and labelled for supply in accordance with the Chemicals (Hazard Information & Packaging) Regulations as follows:

Danger Classifications: Highly Flammable
Risk & Safety Phrases
R11 Highly Flammable

S16 Keep away from sources of ignition – No smoking.
S23 Do not breathe vapour.
S33 Take precautionary measures against static discharges.

The information contained in this Safety Data Sheet does not constitute the user’s own assessment of workplace risks as required by other health and safety legislation.

16. Other Information
None
